

11TH SEPTEMBER, 2007.

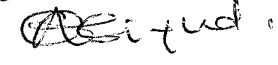

REPORT FROM MIUMBA SECONDARY SCHOOL

A Well Come to Tanzania our Country of
Peace. 'KARIBU TANZANIA'

On behalf of myself, the school board members and my fellow Teachers we do say that thank you very much since we received and accepted all of what brought to us as follows.

- (i) Electricity to school administration and two classes.
- (ii) Carpentry machines and its spare parts.
- (iii) = 3,475,137 = Tsh This amount we have used to build the carpentry workshop.

- i) We don't have capital to start carpentry activities. So we beg your assistance financial so as to initiate operation of carpentry.
- ii) Students (girls) are coming from distance areas being forced to hire accommodation at Mtumba village. Now most of their time is lost for cooking, fetching water and fire wood all these affect learning process. But worse enough the villagers do cheat girls ending to pregnancy which forces them to be expelled from school. So we beg you Mr Jim to assist girls students to build hostel which can enable them to study well and excell in their studies.

THANK YOU HOPING YOU TO HEAR OUR CRY,
FROM HEADMISTRESS MTUMBA SEC. SCHOOL
ESTHER V. ABYUD.
